Combining a rich fantasy story and deeply strategic gameplay, Might & Magic Heroes VII offers players more than ever before.. The main differences from the PC version of the game are that the mobile version was completely redrawn in HD and it took a lot of time, many of the add-ons “Death Breath” and “Armageddon Blade” were left behind the beet, there is no online multiplayer or even a random card generator.. Since it was launched in the mid 90's, Heroes of Might of Magic, spin-off of the original Might and Magic games, became one of the reference sagas in what regards to turn-based strategy games, managing to reach the first position for fantasy games of this genre.
